EGLA: EuroGroup Laminations is a global leader in the design, manufacture, and distribution of stators and rotors for electric motors and generators. The Group operates through two business units: (i) E-mobility solutions, dedicated to the design and manufacture of motor cores (i.e., stators and rotors) for electric motors used in the propulsion systems of electric vehicles, as well as a wide range of non-propulsion automotive applications; and (ii) Industrial & Infrastructure solutions, dedicated to the design and manufacture of stators and rotors for various industrial applications, home automation, HVAC equipment, wind energy, logistics, and pumps. The Group is also active in the transformer sector. Headquartered in Baranzate (MI), EuroGroup Laminations generated revenues of approximately €831 million in 2025 and currently employs approximately 3,000 people (excluded temporaries employees), with 8 production facilities in Italy and 7 abroad (1 in Mexico, 2 in China, 1 in the United States, 2 in India, and 1 in Tunisia), and an order backlog for the E-mobility solutions segment with an estimated value of approximately €2.7 billion and a pipeline of €2.1 billion.
